

**REMARKS**

Favorable reconsideration of the present patent application is respectfully requested in view of the foregoing amendments and the following remarks. The present Amendment amends claims 1, 19 and 22, and adds claims 34-36. No claims are cancelled by this Amendment (claims 13-18 and 30-33 were previously cancelled). As a result, claims 1-12, 19-29 and 34-36 are now pending in the application. Support for the claim amendments and newly added claims can be found in various portions of the specification, for example, at pages 11-12.

During a review of the claims, it was noted that several minor typographical errors had been introduced in previous papers following the originally filed claims. Rather than propagate these minor errors further in the prosecution they have been reflected in their correct form herein. The typographical errors include “the computerized systems identifies” in claim 1, “selecting a favorite event” in claim 6, “relating to a user specified theme” in claim 8, “and to call channel map services” in claim 8, “selecting one of the logical channels” in claim 10, “channel lists,” in claim 11, “steps of: ~~step of~~ identifying” in claim 19, “included in the favorite channels list” in claim 22. In the event the Office feels these minor typographical errors should be handled in a different manner, it is requested that instructions to that effect be provided in the next paper.

In the Office Action of October 19, 2005, claims 1-12, 19, 22-25 and 28-29 are rejected under 35 U.S.C. §103(a) in view of U.S. Patent 5,737,029 (Ohkura) and further in view of U.S. Patent 5,734,589 (Kostreski). Claims 20-21 and 26-27 are rejected under 35 U.S.C. §103(a) in view of Ohkura and further in view of Kostreski and yet further in view of U.S. Patent 6,002,394 (Schein). The claims are respectfully submitted to be allowable in view of the foregoing amendments and for the reasons set forth in previous papers, the contents of which are hereby incorporated by reference. Accordingly, withdrawal of the rejections is earnestly requested.

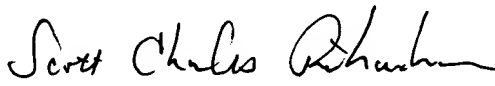

*Deposit Account Authorization / Provisional Time Extension Petition*

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made for any extensions required beyond that requested in the Petition accompanying this paper. Please charge any shortage in fees due in connection with the filing of this, concurrent and future replies, including extension of time fees, to Deposit Account 50-0439 and please credit any excess fees to such deposit account.

However, in the event there are any unresolved issues, the Examiner is kindly invited to contact applicant's representative, Scott Richardson, by telephone at 1.703.739.0573 so that such issues may be resolved as expeditiously as possible.
